

The Heritage Manifesto 2023

Heritage is the background and the bedrock of Britain; it is everywhere and benefits everyone. It breathes life into our towns, cities, coasts, and countryside, telling our nation's stories and creating places that people want to live and invest in. If properly supported, heritage can pave the way to achieving net zero, regenerating communities, improving our wellbeing, and powering a green skills revolution.

England's heritage industry produces a GVA impact of £36.6bn - more than the defence industry

Tourists spend £18bn on heritage trips each year, and 7 of our top 10 attractions are museums and heritage sites

99% of us live within a mile of a listed place and 75% say the government has a moral duty to protect heritage

TO REALISE THE POWER OF HERITAGE, WE CALL ON THE NEXT GOVERNMENT TO...

Put heritage at the heart of regeneration

Invest in councils and communities so they can protect and make the most of heritage locally. This should include support for targeted regeneration schemes, removing permitted development on demolition, incentivising reuse, and embedding culture-led regeneration and community ownership in future housing and community strategies.

Embed the historic environment in climate action

Ensure Environmental Land Management schemes (ELMS) provide robust long-term funding to land managers of at least £4.4bn a year (including delivering heritage outcomes on an equal footing), reform EPCs, and bring forward skills training, funding, standards, and advice in a National Retrofit Strategy.

Reform the tax regime to incentivise repair

Equalise VAT on repair and maintenance with newbuild, simplify and reduce the burden of business rates, and continue support for the Listed Places of Worship Grant Scheme.

Harness cultural learning and skills

Encourage youth visits to heritage sites in the curriculum through subsidised entries, implement cross-subsidised shared apprenticeship schemes, reform the Apprenticeship Levy, and offer unsponsored and conservation skill-oriented visas for heritage.

Futureproof heritage at every level

Ensuring the adequate funding and continued stability of arms-length heritage bodies, protecting the 20% share of Lottery funding for the National Lottery Heritage Fund, supporting statutory Historic Environment Records with ringfenced investment in local authorities for heritage expertise, and supporting proposals for a National Centre for Archaeological Archives.
